

Need to Add a UTI School Code to Your Completed FAFSA?

When filling out your FAFSA, you may notice your specific campus isn't listed with its own school code. That's totally normal! Instead, **your campus is grouped under a main campus code**. Follow 3 easy steps and when finished you'll receive a confirmation verifying that the application was successfully submitted.

Step 1: Login into the FAFSA using your FSA ID. Once you are logged in, select the appropriate FAFSA application and click on the "Actions" button, then "Add or Remove Schools" to add the school code.

- Login here: <https://studentaid.gov/>

A screenshot of the FAFSA Form Details page. At the top, it says "My Activity > FAFSA Form" and "Free Application for Federal Student Aid (FAFSA®) Form Details". Below that, there's a "Processed" status indicator. On the right, there's an "Actions" button with a dropdown menu. The "Add or Remove Schools" option is highlighted with a red box. Other options in the menu include "Make Corrections" and "View FAFSA Submission Summary". The main content area shows "FAFSA® Information" with fields for "Student" (redacted), "Data Release Number (DRN)" (redacted), and "Submission Number" (02). Below that is a "Status Tracker" section showing "FAFSA® Correction Started" and "Started on Apr 12, 2024". To the right, there's a box showing "Started on Apr 12, 2024" and "Processed on Apr 27, 2024".

Step 2: Go to the "Colleges Selection" tab on the FAFSA and select "Search and Select More Schools", then select "Search by School Code". Here you will enter the required school code of 008221, 016696, 014518 or 013603 and click the "Search" button. (If you are unsure of which school code to use, see the next page for details)

A screenshot of the FAFSA Colleges Selection page. The title is "Where should we send the FAFSA® information?". It says "Search and select colleges and career schools." Below that, it says "If you can't find your school when searching by School Name or State, try searching by School Code." It also says "You can add up to 20 colleges and career schools to the FAFSA® form. Make sure to list all the schools you're considering, even if you're not certain you'll apply to all of them." At the top, it says "1 out of 20 schools selected" and "View Selected Schools". Below that, there are two buttons: "Search by School Name" and "Search by School Code", with "Search by School Code" highlighted with a red box. There's a field for "Federal School Code" with "008221" entered, and a red box highlights this field. At the bottom, there's a "Search" button with a magnifying glass icon.

Step 3: Select the box for the correct Federal School Code and select Continue.

Please make sure to select “Continue” until you reach the ‘Sign and Submit FAFSA Form’ page. All signatures and consents are required. Then select “Submit My FAFSA Form Now”. UTI should receive your results within 72 hours. You can confirm this on your ‘Before You Start’ checklist in your student portal, UTI Go!

Here's how it works:

- Your FAFSA will list the **main campus that covers your location**, possibly not your exact school name.
- Don't worry—your campus is still included, it just falls under the main school's code.
