

MOPAR TEC ADVANCED TRAINING PROGRAM

Alfa Romeo | Chrysler | Dodge | Fiat | Jeep | Ram

MOPAR TEC Training Program

Around the world, the Stellantis family of brands is recognized for its innovative design and outstanding performance. In the Mopar Technical Education Curriculum (TEC) training program, you'll learn the specialized skills required to maintain, diagnose and repair Alfa Romeo, Chrysler, Dodge, Fiat, Jeep and Ram cars and trucks. You'll get hands on training with Stellantis technology and tools used by technicians at their dealerships.

- Hands-on training
- Stellantis-designed facilities and equipment
- Instructors with experience and knowledge of Stellantis brands
- Training applicable to careers throughout the Stellantis dealership network

MOPAR TEC TRAINING COURSES

MOPAR TEC 1: Gain expertise in fundamental electrical skills, electrical control systems, vehicle communications.

MOPAR TEC 2: Introduction to High Voltage systems, Master Stellantis diagnostics and MOPAR Scope, NVH (Noise Vibration & Harshness) Diagnostics and Electrical Diagnostics.

MOPAR TEC 3: Learn to diagnose HVAC operation and diagnostics, servicing engine systems and Chassis Diagnosis and repair.

MOPAR TEC 4: Train on diesel engines, diesel control systems, occupant restraints and diesel engine servicing.

HOW TO QUALIFY

Applicants to this selective program must complete a qualifying prerequisite core auto or auto & diesel program.

THERE'S ONLY ONE

12 WEEKS¹

Length of specialized training from start to finish

STUDENT PAID²

WHY CHOOSE MOPAR TEC?

CREDENTIALS: Graduates complete up to 50% of Stellantis-certified training and achieve Phase 3 certification, preparing graduates to perform a wide range of warranty repairs at Stellantis dealerships.

OPPORTUNITY: Gain abilities needed at more than 2,500 Stellantis dealerships nationwide.

REPUTATION: Train to service Alfa Romeo, Chrysler, Dodge, Fiat, Jeep and Ram vehicles.

GROWTH: Be ready to help service some of about 4.5 million Stellantis vehicles built annually.

For more information about NASCAR Technology & Motorsports training³ at UTI, contact your Admissions Representative or Student Development Advisor in the Career Service Department today!

1) Does not include time required to complete a qualifying prerequisite program such as UTI's 51-week Automotive Technology program. 2) See program details for eligibility requirements and conditions that may apply. 3) UTI prepares graduates to work as entry-level automotive service technicians. Some graduates who take NASCAR-specific electives also may have job opportunities in racing-related industries. UTI is an educational institution and cannot guarantee employment or salary. For program outcome information and other disclosures, visit www.uti.edu/disclosures.
