

# MB Drive

A 17-week Manufacturer-Specific  
Advanced Training program

Those who have a passion for the Mercedes-Benz brand and an interest in pursuing a career at a dealership should consider applying for the MB Drive program.\*

Since 1996, Universal Technical Institute has played a critical role in training students to service a range of Mercedes-Benz vehicles. MB Drive participants can now take their skills to the next level with instruction from MB instructors in this highly competitive program.

Mercedes-Benz vehicles continuously show advancements in technology and engineering, and the focus of the MB Drive program is to teach students the fundamentals of major vehicle components and how to diagnose issues.

MB Drive graduates complete more than 50% of the academic requirements toward Mercedes-Benz Master Technician. Those who join the next generation of technicians at an authorized Mercedes-Benz dealership can earn Systems Technician status within six months of employment.

## What You'll Learn

Train on Mercedes-Benz vehicles and become familiar with the major systems and components found in these luxury models. Courses focus on lab work and learning how to use deductive reasoning to help gain a high level of technical knowledge.
