

BMW FastTrack

A 12-Week BMW Service Technician Education Program

FAST TRACK
BMW SERVICE TECHNICIAN EDUCATION PROGRAM

THE ULTIMATE BMW TRAINING PROGRAM
Earn BMW Credentials with FastTrack

BMW vehicles define precision and combine cutting-edge technology and performance to produce the ultimate driving experience for many enthusiasts. In the 12-week BMW FastTrack program, learn how to diagnose and repair BMW vehicles using equipment and procedures found in BMW dealerships nationwide. Students have the ability to earn BMW factory credentials.

Students' transcripts become part of the BMW national training database and transfer with graduates who may be hired by BMW dealerships.[1] Graduates may achieve BMW Associate Level Certification after completion of BMW-specific ASE testing and hands-on assessments.

What You'll Learn

Train on real BMW systems, vehicles, diagnostic equipment and special tools. Practice on the latest training materials and the brand's newest models.
