

# VOLVO TEKNIKER APPRENTICE PROGRAM

 **MANUFACTURER-PAID<sup>1</sup>**

UTI students have an opportunity to acquire the same technician training that many current Volvo technicians will need to undergo. Tekniker Apprentice Program is designed for students interested in Volvo vehicles and careers at one of the 300 Volvo dealerships in the United States.

Dealerships for Volvo—a brand built on safety and reliability—look for trained technicians they can count on to repair their vehicles the right way, the first time. The Tekniker Apprentice Program can provide you with the training and qualifications to pursue a career as a technician with one of the leading automotive manufacturers.

Volvo Car USA LLC fully supports and invests in Tekniker Apprentice Program to ensure students are working on the latest models and equipment, including the XC60, XC90, S80 and S60. This program offers factory credentials recognized at Volvo dealers around the country, and student records are entered into Volvo's national technician database. Tekniker Apprentice Program graduates are highly coveted by Volvo dealers and this program can give you a great jump start on a career working on Volvo's exceptional vehicles.
