

STUDENT LAPTOP REQUIREMENTS

A laptop is required for all programs, except Welding Technology (the Welding Specialist program at UTI-Canton does require a laptop).

OPTION 1:

Purchase a UTI Laptop (*meets minimum requirements outlined on the right*)

\$595*

UTI Student Price

* Pricing applies to enrollments on or after 8/1/26. Prior enrollments should reference their enrollment agreement for applicable laptop costs. Pricing subject to change.

OPTION 2:

Bring your own device

- Students may opt to bring a laptop from an outside source of their choice that **meets the minimum requirements outlined on the right**.
- Chromebooks, MacBooks, and devices running Windows 11 SE will not work for the HVACR, Electrical & Electronics or Robotics & Automation programs.

MINIMUM REQUIREMENTS:

Laptop:

- Processor: 2.1GHz (2.4GHz recommended)
- Operating System: Windows 11, MacOS
- System Memory (RAM): 8GB (16GB required for the Robotics & Automation program)
- Hard Drive/Total Storage Capacity: 256 GB (512GB required for the Robotics & Automation program)
- Wi-Fi
- Speakers

Network:

- Broadband Internet connection with a speed of 10 Mbps or faster. 15 Mbps recommended for the Electrical & Electronics programs.

Browser:

- Latest version of Chrome, Firefox and Safari. The Chrome browser is strongly recommended for the Electrical & Electronics programs.
